"Opening doors for people in our communities"

Dear Melissa Sweet- Clerk of Judiciary committee,

On behalf of Housing Services Mid Michigan, I would like to formally voice my support for the current Source of Income protections bills (HB 4062, 4063), which were sponsored by Reps Jason Morgan and Jennifer Conlin in 2023.

Our organization, Housing Services Mid Michigan supports protecting the source of incomes of retirees, veterans, parents with child support, persons with disabilities receiving SSI/SSDI and anyone with a housing choice voucher or other form of rental assistance. Michigan renters need these protections and the legislature can assist by passage of these bills that will help tenants and landlords both.

Thank you,

Margaret Keller-Bennett (She/Her),
Rapid Rehousing Program Manager
Housing Services Mid Michigan
