

# Northern Enterprise Center College of Business Building Project

Appropriations Subcommittee on Joint Capital Outlay  
May 10, 2023

# Northern Enterprise Center | College of Business Project

- Faculty are currently located on the far east side of campus in an administrative building
- Goal: Relocate faculty from the east end of campus to the center of campus - the "Academic Mall"

# Northern Enterprise Center | College of Business Project

- Locates the program in the same building with student advising and support services
- Increased engagement between students and their instructors, and direct access to advising and support services will increase COB students' ability to succeed.

# Northern Enterprise Center | College of Business Project

- Project impacts 25 programs, 700+ majors, and fosters growth in new and high-demand programs such as cybersecurity and sustainable business and enterprise creation.
