Rule Set No.: 2015-039 LR
Department: Licensing and Regulatory Affairs
Agency: Michigan Occupational Safety and Health Administration
Submitted to JCAR on: 02/22/2016

Analysis Complete to: 04/08/2016

BACKGROUND AND SUMMARY OF PROPOSED RULES

2015-039 LR would amend rules pertaining to firefighting safety standards, correcting errors resultant from the simultaneous promulgation of overlapping amendments during 2013. Specifically, by citing the correct edition (2009) of the National Fire Protection Association standards and stipulating a 24 month time limit for the retention of inspection records. Additionally, the amendments would make various technical and editorial corrections throughout the rule set.

FISCAL IMPACT OF PROPOSED RULES

The rules amended by 2015-039 LR would have a nominal fiscal impact on the department incurred via the printing and distribution of (\$200) and in-house training regarding (\$2,000) the 2009 NFPA standards, which would be supported out of existing resources.
