Overview

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the Governor on tax and fiscal policy issues. The Department's mission is to collect state taxes, to invest, control, and disburse state monies, and to protect the state's credit rating and that of its cities. The Department manages one of the nation's largest pension funds, administers revenue sharing, and administers the student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues and advises issuers of municipal obligations. The Bureau of State Lottery, the Michigan Gaming Control Board (MGCB), Michigan State Housing and Development Authority (MSHDA), and the Michigan Strategic Fund (MSF) are autonomous agencies housed within the Department of Treasury. Funds and programs of the MSF are administered by the Michigan Economic Development Corporation (MEDC), which also administers the 21st Century Jobs Fund.

Overview

The Department of Licensing and Regulatory Affairs (LARA) is the primary business regulatory agency in the state. The department's activities center around business and occupational licensing and regulation, workplace safety and regulation, administrative hearings, and rule promulgation. On February 23, 2011 Governor Snyder issued Executive Order 2011-4 renaming the Department of Energy, Labor, and Economic Growth (DELEG) as the Department of Licensing and Regulatory Affairs. The reorganized department will also include functions performed by the DCH Bureau of Health Systems and the Bureau of Health Professions, but will no longer include the DELEG Bureau of Workforce Transformation, the Bureau of Labor Market Information and Strategic Initiatives, the Commission on Disability Concerns, the Hispanic/Latino Commission, the Bureau of Energy Systems, and certain responsibilities of the Wage and Hour Division. The executive order and EO 2011-5 also reorganize the State Office of Administrative Hearings and Rules.

The executive reorganization orders went into effect on April 24th. The Executive Recommendation and the House Subcommittee Recommendation – HB 4271 (H-1) Draft 2 – provide for a DELEG budget. The House committee substitute for HB 4526 is identical in content to the subcommittee recommendation, except that it renames the department as LARA in accordance with the executive reorganization orders. At some point, HB 4526 (and other budget bills) will be amended to reflect the new structure, following the issuance of a Revised Executive Recommendation by the State Budget Office.

<p>The FY 2011 budget added 6.0 FTE positions and \$1.0 million (Liquor Purchase Revolving Fund) to support increased enforcement of bootlegging activities (purchasing alcohol out of the state and illegally re-selling it in Michigan). The <u>House</u> reduces the FTE authorization and appropriation, and establishes a new line item (separate from LCC operations) providing \$1.0 million (effectively a placeholder) to support the information technology upgrades to the LCC's liquor purchasing and inventory system. The DTMB IT strategic plan notes that the project is to be completed by 2013.</p>			
3. Fire Protection Grants			
Gross	\$10,910,500	(\$2,410,500)	\$0
Restricted	10,910,500	(2,410,500)	0
<p>The <u>House</u> eliminates all Liquor Purchase Revolving Fund (LPRF) support for fire protection grants to local units of government. The grants are distributed to local units with state property, with the distribution based on the value of the local and state property and the amount of fire service expenditures made by the local unit. The grant program includes two fund sources: (1) \$8.5 million from the Fire Protection Fund, which receives a portion of the driver responsibility fee revenue and is to be used for this purpose and (2) \$2.4 million from the Liquor Purchase Revolving Fund, the excess of which lapses to General Fund, and historically has been a major fund source for the program.</p> <p>The <u>Executive</u> reduced funding for fire protection grants by \$1.6 million in funding from the LPRF.</p>

7. Workers Compensation Appellate Commission				
	FTE	12.0	12.0	0.0
Eliminates the Workers Compensation Appellate Commission. The 5-member WCAC is a quasi-judicial body that hears appeals of disputed workers compensation claims decisions rendered by the Workers Compensation Board of Magistrates. Decisions by the Board of Magistrates will be appealed directly to the Court of Appeals. The caseload for the WCAC has dropped significantly over the last decade from about 500-600 cases/year to fewer than 200 in each of the last few years.	Gross	\$1,173,100	(\$1,173,100)	\$0

8. Workers Compensation Agency				
	Gross	\$9,417,400	(\$400,000)	\$0
Shifts \$447,300 (Corporations Fees) saved from the elimination of the WCAC to the Workers Compensation Agency, offsetting GF/GP funds. Also reduces funding for the WCA by an additional \$400,000 through the elimination of unfilled vacancies and lapsed spending authority. The WCA has seen fewer worker's compensation claims over the past decade (coinciding with the downturn in the state economy), allowing the agency to consolidate hearing sites, and operate with fewer staff and financial resources. 	FTE	370.0	2.0	0.0
Increases funding and staffing for the Office of Financial and Insurance Regulation (OFIR) to maintain the statutorily-required 18-month examination cycle for credit unions in light of an increase in the number of state chartered credit unions. The increased appropriation is supported by existing credit union regulatory fees.	Gross	\$58,416,800	\$175,000	\$0

	Restricted	56,366,400	175,000	0
10. OFIR – Investment Advisors Regulation				
	FTE	370.0	4.0	0.0
Increases funding and staffing for the Office of Financial and Insurance Regulation to support additional responsibilities placed on the office under the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Dodd-Frank Act shifts regulatory oversight over investment advisors with assets under management between \$25 million and \$100 million from SEC oversight to state oversight. States previously regulated smaller investment firms with less than \$25 million - \$30 million in investments under management. These additional firms, totaling about 170, are very large firms from a state regulatory standpoint. OFIR indicates that most of these firms haven't had an SEC examination. The increased appropriation is supported by existing securities fees. This adjustment is also being made in HB 4407, an FY 2011 supplemental appropriations bill.	Gross	\$58,416,800	\$300,000	\$0

Overview

The Transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Approximately two-thirds of the revenue in this budget comes from state restricted revenue, with approximately one-third from federal sources. There is no General Fund revenue appropriated in this budget. Almost all the state-restricted revenue in this budget is constitutionally-restricted – from motor fuel taxes and vehicle registration taxes. This revenue is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 (Act 51) to other state transportation funds and programs, including the State Trunkline Fund (STF) and the Comprehensive Transportation Fund (CTF), and to local road agencies.

Gross appropriations for FY 2011-12 are \$92.0 million more than the current year. This increase reflects anticipated increase in estimated state restricted revenue from motor fuel and registration taxes, and well as increases in estimated federal funds. However, *Gross appropriations* in the House bill are \$50 million less than the Governor's proposed budget; the House bill does not recognize as STF revenue \$50 million from the Canadian contribution to a proposed Detroit-Windsor bridge crossing project. The Governor's budget had assumed the use of that revenue as a source of matching funds to access federal aid highway funds.

Although the House bill does not recognize the \$50 million in STF/Canadian funds, federal revenue shown in the bill would be the same as the Governor's proposal. The House budget anticipates using toll credits to provide the match needed to access all federal aid available to the state. [Most federal aid transportation programs require a non-federal match – most commonly 20% of project cost. To recognize states with a high reliance on toll facilities, federal law allows use of capital expenditures made by toll facilities, such as toll bridges and toll roads, as a "soft match" for federal funds. Toll credits allow states to access federal funds if there are not sufficient non-federal matching funds. Since toll credits are a soft match, they are not appropriated or shown in the budget bill]. The House bill also provides an additional \$10 million for the state trunkline federal aid construction program, and an additional \$10 million for county road commissions, as compared to the Governor's budget. The increase in these line items would come from CTF revenue. This \$20 million reduction of CTF funds is taken equally from *Local bus operating* assistance and *Bus capital*.

The House bill would appropriate \$5.0 million for the MTF IDG to the Department of Treasury, \$3.4 million less than as proposed by the Governor, and redistributes the \$3.4 million savings to the CTF, the STF, and local road agencies in accordance with Act 51 formula.

The differences between the House bill and the Governor's proposed budget are carried forward and reflected in estimated FY 2012-13 appropriations.

10. State Trunkline Road and Bridge Construction

The Governor's proposed budget identified sufficient state revenue to match all estimated available federal aid.

Gross	\$796,226,200	\$57,272,900	\$38,849,700
Federal	713,019,500	29,072,500	1,000

Restricted	53,206,700	28,200,400	38,848,700

Although the House bill includes the same figure for federal funds as the Governor, the House does not recognize \$50 million in STF funds from the Canadian contribution to a proposed Detroit-Windsor crossing project. The House anticipates using toll credits to provide the additional match needed to access all federal aid available to the state. [Since toll credits are a soft match, they are not appropriated in the state budget bill.]

The House bill also provides an additional \$10.0 million as compared to the Governor's budget using CTF revenue as a fund source. The House bill recognizes \$1.2 million as STF funds realized from the reduction in the MTF IDG to the Michigan Department of Treasury.
