Major Budget Changes From FY 2014-15 YTD Appropriations	FY 2014-15 Year-to-Date (as of 5/5/15)	FY 2015-16 Conference Change
1. University Operations	Gross	\$1,339,958,200
<u>Executive</u> increases university operations funding by \$26.8 million GF/GP (2.0%), bringing total support to \$1.4 billion (\$1.2 billion GF/GP). Funding increase to be distributed according to a performance funding formula, which would be revised to eliminate the component that distributes 50% of performance funding based on each university's share of operational funding appropriated in the baseline year of FY 2010-11. Percentages applying to other formula components (weighted completions, research and development, and comparison to Carnegie peers) thus would be doubled. Conditions receipt of performance funding on restraining resident undergraduate tuition/fee increases to 2.8% (set at 3.2% in the current year). Projected increases for individual universities range from 0.6% to 4.0%.	Restricted	0
	GF/GP	\$20,099,400

House provides a 1.0% increase over current year, increasing funding by \$13.1 million GF/GP (a \$13.7 million reduction from the Executive). Increase distributed according Executive's revised formula. Receipt of performance funding conditioned on restraining resident undergraduate tuition/fee increases to 4.0% or \$400 per student, whichever was greater. House also differs from Executive in revising individual universities' scores based on corrected data entries in the federal IPEDS database. Projected funding increases for individual universities range from 0.3% to 1.9%.

Senate concurs with Executive.

Conference provides 1.5% increase, utilizes the revised performance funding formula recommended by the Executive, and concurs with House's use of revised scoring based on corrected data entries in the federal IPEDS database. Projected funding increases for individual universities range from 0.4% to 3.0%.

Major Budget Changes From FY 2014-15 YTD Appropriations

		FY 2014-15 Year-to-Date (as of 5/5/15)	FY 2015-16 Conference Change
2. Michigan Public School Employees Retirement System (MPERS)	Gross	\$6,448,400	(\$1,288,400)
<u>Executive</u> institutes a cap of 25.73% of payroll on university payments for unfunded accrued liability under MPERS. Funding of \$5.2 million in School Aid Fund (SAF) revenues would be provided to pay the difference between the 25.73% cap and universities' unfunded accrued liability rate. This would affect the seven universities with MPERS employees: Central, Eastern, Ferris, Lake Superior State, Michigan Tech, Northern, and Western. Current-year funding of \$6.4 million includes \$4.0 million designated as one-time appropriations. Current-year funding is allocated based on specified payroll and appropriated "solely for the purpose of offsetting a portion of the retirement contributions owed by the university."	Restricted	6,448,400	(1,288,400)
	GF/GP	\$0	\$0

Conference, House, and Senate concur with Executive.

Major Boilerplate Changes From FY 2014-15

GENERAL SECTIONS

Sec. 236a. Intent Regarding Succeeding Fiscal Year – RETAINED

Executive replaces Sec. 236a, which expresses legislative intent to maintain appropriations, with a new Article IV containing an itemized summary of appropriations for FY 2015-16 and anticipated appropriations for FY 2016-17, with the only FY 2016-17 change being an additional \$180,000 in funding for MPSERS unfunded accrued liabilities in excess of the proposed 25.73% employer cap. Conference, House, and Senate do not concur, instead retaining Sec. 236a.

Sec. 236c. State Building Authority (SBA) Rent Payments – REVISED

Itemizes SBA rent payments made under the DTMB budget for university capital outlay projects. Current-year payments total \$124.8 million, updated to \$136.0 million in FY 2015-16. Conference, House, and Senate concur

Sec. 239a. Foreign Auto Manufacturers – RETAINED

States intent that funds appropriated to universities not be used to purchase vehicles assembled outside the United States. Executive deletes, Conference, House, and Senate retain.

Sec. 242. Federal or Private Funds – RETAINED

Appropriates federal or private funds received by the state for use by a college or university. Executive deletes language specifying that acceptance of funds does not create an ongoing obligation. Conference, House, and Senate retain this language.

Major Boilerplate Changes From FY 2014-15

Sec. 245. University Transparency – RETAINED

Requires universities to post various budget, compensation (including salary list), other financial, and performance data, as well as transfer policies, on its website, using a standard format. Executive deletes requirement that state budget director determine compliance and language granting authority to withhold payments for a university not in compliance. Conference, House, and Senate retain this language.

Sec. 246. Michigan Public School Employees' Retirement System (MPERS) – REVISED

Allocates MPERS funding based on each participating university's percentage of the total combined payrolls of employees who are MPERS members hired before January 1, 1996, and employees who would have been MPERS members but for enactment of 1995 PA 272, which closed the system to new hires. Under Executive, new language would assume a maximum employer rate of 25.73% of payroll and would specify that the amount of a university's MPERS payment would be equal to the difference between the capped rate and the rate that would otherwise apply in order to meet the unfunded accrued actuarial liability. Language requiring funding to be used "solely for the purpose of offsetting a portion of the retirement contributions owed by the university" would be replaced with language requiring each university that receives MPERS support to forward the amount received to MPERS. Conference, House, and Senate concur.

GRANTS AND FINANCIAL AID

Sec. 252. Tuition Grant Program – REVISED

Establishes conditions for the tuition grant program, which provides need-based tuition assistance at Michigan independent (i.e., private nonprofit) colleges and universities:

- Executive deletes requirement for unexpended funds to continue to be available in the next fiscal year; unexpended funds thus would lapse to the General Fund. Conference, House, and Senate retain the requirement, thus enabling fund to be rolled over to the next fiscal year.
- Executive reduces cap on awards at any one institution from the current \$3.2 million to \$3.0 million. House increases the cap to \$3.3 million. Conference and Senate retains current-year cap of \$3.2 million.
- Executive conditions student eligibility for awards on the college's submission of annual P-20 longitudinal data system data sets to the Center for Education Performance and Information (CEPI). Conference, House, and Senate do not include this language.

- Executive deletes requirement for Department of Treasury to report projected year-end appropriation balance. Conference, House, and Senate retain the requirement.
- Executive revises requirement for Department of Treasury to confirm by December 15 and again by February 18 whether appropriations are sufficient for awards, deleting the December 15 requirement. Conference and House concur with Executive. Senate retains both dates.
- Executive moves deadline for institutional reporting from August 31 to September 30. Conference, House, and Senate concur.
- Conference and House add requirement for independent colleges and universities to report to the legislature and the state budget director on efforts to develop and implement sexual assault response training for key personnel. Executive and Senate do not include.

Sec. 254. Financial Aid Payment Schedule – RETAINED

Specifies quarterly payment schedule for financial aid. Executive extends to Independent Part-Time Student Grants Program, which was proposed for funding under the Community Colleges budget. House retains current law, enabling the schedule to be replicated in the community college budget if necessary. Senate revised to refer to financial aid programs funded under the Higher Education article, rather than itemizing the programs. Conference concurs with House.

Sec. 255. Financial Aid Needs Criteria – RETAINED

Provides for Treasury to determine the needs analysis criteria for students to qualify for state competitive scholarship program and tuition grant program. Executive extends provision to Independent Part-Time Student Grants Program, which is proposed for funding under the Community Colleges budget. States intent that universities develop policies for reviewing required textbook and course materials to minimize costs while maintaining quality of education; requires report on university policies. Executive deletes; Conference, House, and Senate concur.

Sec. 265. Performance Funding Criteria: Tuition Restraint – REVISED

Current law conditions receipt of performance funding in part on compliance with tuition restraint requirements that limit allowable resident undergraduate tuition/fee increases to 3.2% over the prior year.

Executive lowers limit to 2.8% and deletes language that in part defines “fee” to include the cost of a university-affiliated health insurance policy for a university that compels resident undergraduate students to have health insurance coverage as a condition of enrollment.

House sets limit at 4.0% or \$400 per student, whichever is greater, and concurs with Executive on deleting language pertaining to university-affiliated health insurance.

Senate lowers limit to 2.8% (same as Executive), but retains the current definition of “fee.”

Conference retains current limit of 3.2% and retains the current definition of “fee.”

Sec. 265a. Performance Funding Criteria and Formula – REVISED

Conditions receipt of performance funding on:

- Compliance with tuition restraint provisions.
- Certification that university participates in reverse transfer agreements with at least three Michigan community colleges.
- Certification that dual enrollment policy does not consider use of credits toward high school graduation requirements.
- Participation in Michigan Transfer Network; Executive revises to specify active participation, including submission of timely updates. House and Senate do not include this change.

Establishes process for universities to certify compliance with all requirements. Provides for performance funding forfeited due to noncompliance to be redistributed to other universities based on their performance funding appropriations.

Sets the formula used to distribute performance funding, currently distributed as follows:

- 50% proportional to each university’s share of total operations funding in the baseline year of FY 2010-11.
- 11.1% based on weighted undergraduate completions in critical skills areas.
- 5.6% based on research and development expenditures (for high-research universities)
- 33.3% based on comparisons with Carnegie classification peers on four metrics: six-year graduation rate, total degree completions, institutional support as a percentage of core expenditures, and number of students receiving Pell grants.

Executive deletes the component based on FY 2010-11 allocations, thereby doubling the percentages applying to the remaining three components, and revises the Pell grant metric to apply to the percentage of students receiving Pell grants, rather than the number of students receiving Pell grants. Also deletes statement of intent to lower scoring for university improving over three-year period from 2 points to 1 point. Conference, House, and Senate concur with these changes.

Sec. 268. Indian Tuition Waivers – REVISED

Executive deletes language expressing legislative intent for universities to allocate Indian Tuition Waiver costs from the general fund, and adds a requirement that a public university provide Department of Civil Rights any information necessary for preparing the report required by the budget.
