Notes: FY 2014-15 adjusted year-to-date figures include mid-year budget adjustments through May 26, 2015 (including Executive Order 2015-5 and House Bill 4112). Appropriation figures include all proposed appropriation amounts, including amounts designated as "one-time."

**Overview**

Department of Agriculture and Rural Development's key programs and priorities include ensuring food safety and security, protecting animal health and welfare, managing invasive exotic species, regulating pesticide use, certifying agricultural commodities, ensuring environmental stewardship, protecting consumers, and promoting the state's agricultural economy.

**Note:**

Conference Committee meeting on Wednesday, May 27, 2015, agreed on Conference report, **Senate Bill 115 (S-2) CR-1\***. **Senate Bill 115** was a stand-alone bill to provide appropriations for the Michigan Department of Agriculture and Rural Development (MDARD). However, the bill as passed the Senate on May 7, 2015 was essentially a shell bill – it shows Gross appropriations of only \$100. The bill was returned by the House on May 19, 2015 as a shell bill – the House-passed bill shows Gross appropriations of \$0.

The real differences between the House and Senate transportation budgets, as shown in the balance of this document, are between the two omnibus budget bills – **Article I of House Bill 4102 (H-1)** and **Article I of Senate Bill 133 (S-1)**. In effect, Conference report **Senate Bill 132 (S-2) CR-1\***, resolves the differences between the House and Senate omnibus budget bills with respect to the MDARD budget.
