Overview

House Bill 4110 (H-1), in conjunction with House Bill 4112 (H-1); Executive Order (EO) 2015-5; and certain prior-year work projects lapsed by the State Budget Director, would resolve a projected General Fund/General Purpose (GF/GP) shortfall of \$456.1 million in the FY 2014-15 state budget. Under Article V, Section 20 of the State Constitution and the Management and Budget Act, the Governor, with the approval of the House and Senate Appropriations Committees, is required to reduce expenditures authorized by appropriations whenever it appears that actual revenues will fall below the revenue estimates on which appropriations were based.

House Bill 4110 (H-1) includes a combination of budget reductions and fund shifts totaling a \$183.4 million Gross (\$250.3 million GF/GP) reduction. The School Aid budget is reduced by \$96.0 million School Aid Fund (SAF) in consensus cost revisions and by an \$87.4 million Gross (\$81.2 million GF/GP) reduction included to help balance the GF/GP budget. The bill would shift a combined \$169.1 million in existing appropriations from GF/GP to School Aid Fund (SAF) revenue in the Community Colleges and Higher Education budgets.
