BACKGROUND AND SUMMARY OF PROPOSED RULES

Rule Set 2020-129 LR would make numerous amendments and a rescission to rules pertaining to the practice of midwifery. Specifically, the rule set would require licensure by endorsement and relicensure applicants to disclose licenses with other entities, to report current discipline or sanctions against a license, and to comply with human trafficking, English language, and implicit bias training requirements; require midwives to consult or refer a patient to a physician under certain conditions; and allow midwives to use additional drugs for patient treatment.

FISCAL IMPACT OF PROPOSED RULES

2020-129 LR would not have a fiscal impact on the Department of Licensing and Regulatory Affairs or on any other unit of state or local government.
