Chair Booher placed agenda item number 1 before the Subcommittee.

#### 1. Minutes of Meeting No. 2 – Wednesday, March 20, 2013

Representative Kowall moved adoption of the minutes, supported by Senator Jansen. The motion passed on a favorable voice vote.

Chair Booher placed agenda item number 2 before the Subcommittee.

#### 2. Construction Authorization for State Emergency Operations Center (SEOC)

DTMB Letter Date: 2/7/13

The SEOC received \$80,000 GF/GP for planning in Public Act 89 of 2012. The estimated cost of the new facility is \$20.2 million. The SEOC is currently located in leased space on Collins Road in the city of Lansing. The proposal would house the SEOC and related support functions in a new facility at the Secondary Complex in Dimondale. Other Michigan State Police functions moving to the new facility include the Emergency Management and Homeland Security Division, the Business Emergency Operations Center, the Michigan Cyber Command Center, and the Michigan Intelligence Operations Center. The DTMB Michigan Public Safety Communications System would also be located at the Secondary Complex. The new facility will connect to the General Office Building. The project includes a 27,200 square foot new facility and renovations to 51,800 square feet of the General Office Building. Security measures and perimeter fencing around the structure are included in the total estimated cost.

The DTMB recommended a construction authorization for this project in the DTMB section of the FY 2013-14 General Government Appropriation Bill, total authorized cost \$20,200,000, Federal \$3,000,000, State Building Authority \$17,119,900, and General Fund \$80,100. Pursuant to capital outlay process reforms, a \$1.7 million appropriation was also included to cover estimated State Building Authority rent payments associated with the project.
