*Greektown permanent casino opened in February 2009 but continued to pay the 12.1% tax rate instead of the 8.1% rate until March 2020 when the permanent casino was approved. Because of extra \$15.0 million payment, Greektown was granted a tax rollback for permanent casinos and paid no wagering tax from March to September 2010.

**Casinos were closed for part of 2020 because of the COVID-19 pandemic.
