- 2011 Center for Disease Control data on Michigan adults shows:
 - 31.3% are obese
 - 34.2% are overweight
 - 65.5%, or 2/3 of adults struggle with weight
- 6 coalitions selected for funding via competitive process
- MI Healthier Tomorrow
 - 15,335 pledges since start date of January 23, 2013
 - Awareness campaign partners: AFPD – ‘Voice of Independent Retailers’, Amway BCBSM, Compuware, Huntington Bank, Hylant, LOSEitWRITE, Marketing Assoc., McDonalds, Mercy Health, Michigan Assoc. of Broadcasters, Michigan Assoc. of Chiropractors, Michigan Chronicle, Michigan Osteopathic Assoc., Rockford, Quicken Loans, The YMCAs

✓ Reduce Infant Mortality

- Promote evidence based protocol for women at high risk of preterm birth
- Promote safer sleeping practices to prevent suffocation
- 39 weeks gestation hard stop policy
 - Medicaid policy bulletin number: MSA 12-59

Michigan Primary Care Transformation Project (MiPCT)

✓ The Vision for a Multi-Payer Model

- Use the CMS Multi-Payer Advanced Primary Care Practice demo as a catalyst to redesign MI primary care
 - Multiple payers will fund a common clinical model
 - Allows global primary care transformation efforts
- Create a model that can be broadly disseminated
 - Facilitate measurable improvements in population health for Michigan residents
 - Contribute to national models for primary care redesign

MDCH 2014

- ✓ **Improve Population Health**
- ✓ **Transform the System of Care**
- ✓ **Reform the Health Care System**
- ✓ **Transform the Department of Community Health**

Improve Population Health

✓ Infant Mortality Reduction Plan

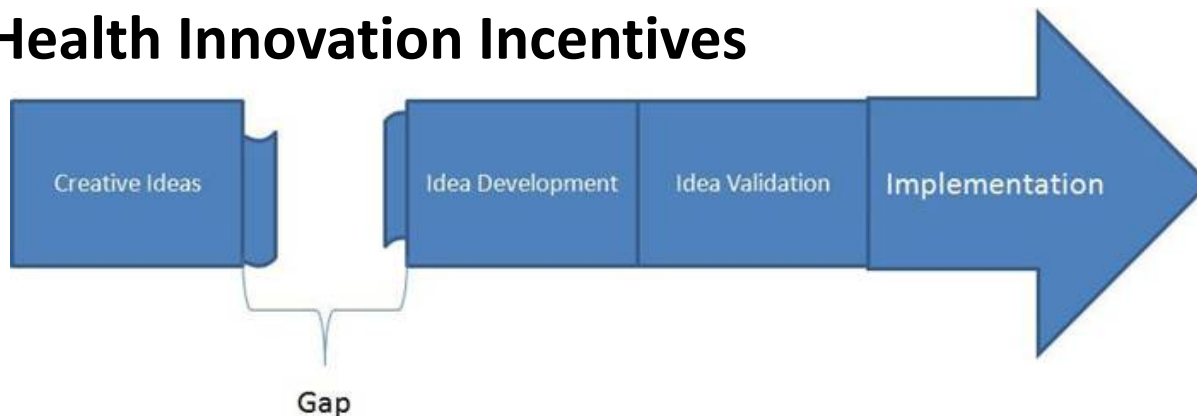

- Infant mortality rate (per 1,000 births)
 - 2012 = 7.4 per 1,000 births
- Michigan's national infant mortality ranking relative to other states
 - 2012 Michigan rank = 36th in America's Health Rankings®
- Medicaid pays for 51% of Michigan Births
- Implement a regional perinatal system
- Promotion of safer infant sleeping practices
- Support better health status of women to achieve healthier moms
- FY 2014 investment = \$2.5M Gross/GF

Transform the System of Care

✓ Health Homes

- Better health management through coordinated care
- Targeted to serve high need, high cost, high risk mentally ill
- 3 demonstration sites
 - Washtenaw region (Washtenaw, Livingston, Lenawee and Monroe counties)
 - Northern Michigan (includes 21 counties from Manistee to Emmet to Iosco counties)
 - Either Saginaw County or Genesee region (includes St. Clair, Lapeer and Sanilac counties)
- Investment = \$900k gross, \$90k GF (90% Federal Match)

✓ Health Innovation Incentives

- New state incentive grants to encourage advances in health care
- Competitive application process to prototype health care system modifications at local levels for consideration of statewide implementation
- Incentives granted on merit and potential to bring efficiencies to health care system
- Investment = \$3M Gross/GF

Transform the System of Care

✓ Mental Health Early Intervention

- FY 14 provides \$5.0M Gross/GF in one-time funding for new and expanded programs for early intervention with youth:
 - Home-based services and treatments to additional children across the state \$2.5M
 - Care management and treatment for high risk youths \$1M
 - Training and Awareness \$1.5M
 - Mental health first aid tools to recognize the signs and systems of mental health problems
 - Youth Crisis Intervention training for two law enforcement communities

Medicaid Expansion

- ✓ **Work toward better care at lower cost to society**
- ✓ **Critical issue is having patient centered medical home vs. more ER visits**
- ✓ **Simpler and better for families, providers, and small business**
- ✓ **Reserve one half of short term savings into the Michigan Health Savings Fund to cover future costs and reduce federal risks**
 - ✓ Governor Snyder recommends depositing 50% of the revenue from expansion into a special health care savings account. Deposits from the revenue will continue for seven straight years up until fiscal year 2020. By fiscal year 2021, Michigan will have had a low income population between the ages of 21 and 65 managed for several years by a primary care physician with access to preventive and primary care services, leading to better management of health care costs.

Medicaid Expansion

- ✓ **Will provide health care for 322,000 uninsured Michigan citizens in the first year and more than 470,000 by 2021, reduce employer health care costs, increase economic activity in the state, reduce prison recidivism and decrease the state's long-term health care liabilities**
- ✓ **Federal funds will cover 100% of the cost of Medicaid expansion from 2014 to 2016, 95 percent in 2017, 94 percent in 2018, 93 percent in 2019 and 90 percent in 2020 and subsequent years**
- ✓ **Reduces uncompensated care costs caused by those who are unable to pay emergency room bills**
 - Estimated that Michigan's savings from decreasing uncompensated care through Medicaid expansion is expected to reach \$320 million through 2022
 - The General Fund will experience savings of \$1.2 billion through 2020 as a result of expansion and \$206 million General Fund savings in 2014 alone
- ✓ **Having a primary care provider helps to treat health problems at an early stage, before more costly procedures are necessary**

Provider capacity exists in Michigan

A Medicaid expansion would dramatically reduce the number of uninsured

- ✓ **A recent national report concluded that a Medicaid expansion in Michigan would result in a 46% reduction in the uninsured***
- ✓ **If Michigan does not expand, it may have to eliminate coverage for 35,000 childless adults on January 1, 2014**
- ✓ **If Michigan does not expand, 252,000 individuals under 100% of the federal poverty level would be uninsured**
 - **By 2022 those left uncovered would grow to 360,000**

*Kaiser Commission on Medicaid and the Uninsured, November 2012

Medicaid Expansion

For many groups, Medicaid expansion fills the gap between current coverage and proposed health care coverage in 2014

Non Medicaid elderly populations would continue to be covered by Medicare

Cumulative deposits into the Health Savings Fund will finance Medicaid expansion for the next 21 years

*in millions

Transform the System of Care

✓ Services to Veterans (with Military & Veterans Affairs)

- \$60,000 Gross/GF investment in FY 2014
 - Credentialing of Community Mental Health Service Programs and Substance Use Disorder providers in TriCare (an insurance system that pays for MH/SUD treatment for active duty/military families (\$20,000))
 - Co-location and/or Co-Credential of CMHSP and SUD clinicians by the Veterans Health Administration (\$10,000)
 - Training Program for Law Enforcement in recognizing Post-Traumatic Stress Disorder related behavior and “mental health first aid” (\$20,000)
 - Military Cultural Competency for all 46 CMHSPs and at least one SUD provider in each Coordinating Agency area (\$10,000)

Transform the System of Care

✓ Jail Diversion (With Department of Corrections)

- \$1.6M GF investment
 - Creating official advisory council similar to make up of workgroup (judges, local law enforcement, etc.)
 - Strengthen Community Systems via 5 Pilot projects

✓ Healthy Kids Dental Expansion

- Continue 4 year plan for statewide coverage (Year 1 of 4 = 2013)
- \$11.6M gross/\$3.9M GF investment to cover an additional 70,000 children
- Expand to 3 counties
 - Ingham
 - Ottawa
 - Washtenaw

Transform the Department of Community Health

✓ International Classification of Diseases (ICD-10)

- Federally mandated code update
- Investment = \$18.3M gross for Medicaid (90% federal match)

✓ Electronic Medical Records

- Implementation in state hospitals and centers
- Investment = \$6.5M for year 2 funding

✓ Medicaid Expansion IT

- Eligibility processes required by Affordable Care Act
- Interfaces with BRIDGES, CHAMPS, other systems
- Increase hardware capacity to handle new enrollees
- \$10M gross/\$1M GF (90% federal funding)

✓ Cost-sharing with Illinois on Medicaid system

- Agreement with Federal Government, Illinois, and vendor (CNSI)

Transform the Department of Community Health

✓ Transformation Office and Streamlined Health Information Technology Office

- Investment in FY 2014 = \$1.5M Gross/\$1.5M GF
- Customer-focused
- Collaborative partnerships
- Rule-busters campaign with contractors
 - Modeled on state's bureaucracy busters initiative
- Focus on Governor's and Director's priorities for workplace improvements
- Organizational improvements/efficiencies

Safety Net & Fee Needs

Health & Wellness

✓ **Protect Michigan's Health Care Safety Net**

- Increase Medicaid primary care provider rates to 100 percent of Medicare rates (100% Federal for 2 years)
- Federal Medical Assistance Percentages (FMAP) decrease requires a \$6.3M GF investment in FY 2014
- Actuarial soundness

Provider Capacity/Access to Care

✓ **Emergency Medical Services (EMS)**

- Funding solution needed (fees frozen at \$25 for over 2 decades)
- Federal Preventive Block Funds of \$600K at risk of loss in FY '13
- A fee increase, as well as new fees on education providers, is included in the FY 14 budget to raise approximately \$1M in additional revenue

✓ **Certificate of Need (CON)**

- A fee increase is included in the FY 14 budget to raise approximately \$700,000 in additional annual revenue

✓ **Health Insurance Claims Assessment (HICA)**

- Increase rate to 1.5%

Provider Capacity/Access to Care

✓ Vital Records

- A fee increase is included in the FY 14 budget to raise approximately \$1.5M in additional annual revenue
- Fee collections have steadily declined in recent years
 - The number of births in Michigan has declined 15.8% between 2000 and 2010
 - Movement to the electronic age has resulted in increased operating costs as well as search and verification requests which are performed for a substantially lower fee than traditional paper certified copies
- The state vital records system is important to Michigan citizens
 - The only centralized source of official records of Michigan Births, Deaths, Marriages, Divorces, and acknowledgements of parentage
 - The statistical data collected is the basis for:
 - University health research grants
 - Federal grants which support State of Michigan health programs and initiatives

DEPARTMENT OF COMMUNITY HEALTH 2013 STRATEGIC PRIORITIES

MISSION

MDCH will **protect, preserve, and promote** the health and safety of the people of Michigan with particular attention to providing for the needs of vulnerable and under-served populations.

VISION

Improving the experience of care, improving the health of populations, and reducing per capita costs of health care.

STRATEGIC PRIORITIES

Improve Population Health

- Identify and target chronic care hot spots.
- Implement the Michigan Health and Wellness 4 x 4 Plan to reduce obesity and improve wellness using the MI Healthier Tomorrow campaign.
- Utilize Michigan's Infant Mortality Reduction Plan to address disparities and save babies.
- Identify and improve culturally-sensitive access to all services for persons with disabilities.
- Establish a strategy for improving the continuum from preconception to early childhood.
- Enhance the safety planning and response to all hazards, public health and health care emergencies.
- Integrate services for physical health and mental health and increase coordination among care providers.
- Enhance efforts to identify and improve early intervention mental health services for children and youth.

Transform the System of Care

- Establish a fund to provide innovative approaches to improve the health of Michigan citizens.
- Implement regionalization plan for health care services and programs.
- Enhance technical support and identify additional federal opportunities for Federally Qualified Health Centers (FQHC's).
- Support the person centered medical homes model and preserve the safety net.
- Establish and support policies for a full continuum of services for Long-term Care.
- Improve access to federal benefits and local services for Veterans.
- Develop opportunities for persons with mental illness and substance abuse issues to receive early intervention services to prevent incarceration.
- Champion expanding the Health Care Workforce and promoting the positive benefits of health care in stabilizing healthier communities.

Reform the Health Care System

- Create an integrated multidisciplinary delivery system with a focus on person-centered models of care.
- Improve fraud identification and prevention to reduce waste and increase accountability.
- Focus on quality and outcomes for fee for service and managed care rather than quantity.
- Streamline the payment and reimbursement process for providers.
- Develop a standardized method to provide services consistently through the state to improve the quality of care.

Transform the Department of Community Health

- Reinvent MDCH by creating an organizational structure that is effective, efficient, interactive, customer focused, and value driven.
- Create and support a culture in which employees feel engaged and take ownership of our mission.
- Establish standards and procedures to enhance customer experience.
- Provide and promote leadership development opportunities to all employees.
- Ensure IT systems that are unified, usable and meet future business needs.
